math standards review

The draft revised 6-8 math standards can be viewed [HERE](#). If you have not reviewed and made your comments, that opportunity will end January 31.

[HERE](#) is the form for your comments.

Please do not begin planning for next year until the final standards have been released. This could as late as mid-summer.

quick PD

Need something fresh to help your students understand linear equations? Watch this class do it "[Full Body Style!](#)"

The [Would You Rather](#) website has quick math challenges that students will love and will challenge their thinking. Far better than word problems. Add a little bit of body text

Remember to contact any one of your math IFs, Stacy Wozny, Barbara Hill or Cindy Farmer. We are always willing to offer any support we can.
